We are afraid that if the process can not be stopped, Hungary will be lost not only for Christianity, but also for Europe and for the cultural world as well. **Only publicity can help Hungary, please help.** ↓SHARE↓

**We are Hungarian NGOs** ⇒⇒ **Impressum**. We have never used either old National Civil Fund or new fashion, orbanian National Cooperation Fund support, 1% tax offer or any other state aid; we have never received and not even asked anything from the government. We are not supported by George Soros, nor have we ever had any foreign or domestic supporter. **However, our money is almost gone. But we persevere.**
